

Barlaston Speedwatch - Radar Speed Device Activity Summary - July/August 2022

<u>Location</u>	<u>Period To</u>	<u>Volume</u>	<u>Daily Average</u>	<u>Average Speed</u>	<u>% at more than 35mph</u>	<u>Volume at 50+</u>	<u>Maximum Speed</u>
<u>Meaford Road</u>							
	4th August 18 days						
In *		11800		34 mph	32%	123	88 mph
Out		20200		36 mph	43%	496	96 mph
			1780				
	27th August 18 days						
In		15700		32 mph	23%	53	79 mph
Out *		11500		33 mph	20%	50	68 mph
			1510				
<u>Station Road</u>							
	8th August 26 days						
In		23600		31 mph	10%	6	59 mph
Out *		18200		31 mph	10%	9	60 mph
			1600				
<u>Old Road</u>							
	18th August 19 days						
In *		7500		31 mph	12%	3	56 mph
Out		9200		31 mph	9%	3	71 mph
			880				

* Facing Direction of the Sign

Notes:

Meaford Road data again highlights that when Sign is facing Out towards incoming traffic an increased number of those leaving the village choose to ignore the speed limit. 496 v 50

Maximum speeds remain at an unacceptable level with recordings morning, afternoon & evening.

Station Road again twice the speed limit in both directions, but thankfully high speeding volumes are low.

Likewise, Old Road.

Agenda for Parish Council meeting 6th September includes a range of Highways Issues to include discussion with SB Cllr Ian Parry.
